AT A GLANCE

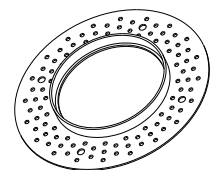

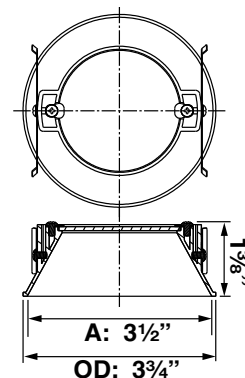

Beveled splay style downlight trim series for the RL4, 4" diameter recessed downlights. Made from die-cast aluminum, the trims can be painted or anodized to meet the needs of the most difficult of applications. The trims are configured for flangeless installations.

ORDER CONFIGURATOR

To order, select one option from each table column to configure the desired wall wash trim product catalog code. Then, fill in the boxes below (Example: Flangeless Trim #: 6023-R-WH-NF). To order recessed downlights, use the corresponding specification sheet for the compatible RL3V or RL3VR recessed downlight series.

WALL WASH TRIM

6023	R		NF
WALL WASH TRIM MODEL	SHAPE	REFLECTOR FINISH	FLANGE
